3 SIMPLE STEPS

If you are a small employer (business or tax-exempt) that provides health insurance coverage to your employees, determine if you may qualify for the **Small Business Health Care Tax Credit** by following these three simple steps:

Determine the total number of your employees (not counting owners or family members):	2	Calculate the average annual wages of employees (not counting owners or family members):	
Full-time employees: (enter the number of employees who work at least 40 hours per week)		Take the total annual wages paid to employees:	
+ Full-time equivalent of part-time employees:(Calculate the number of full-time equivalents by dividing the total annual hours of part-time employees by 2080.)		Divide it by the number of employees from STEP 1: (total wages ÷ number of employees) = average wages	
total employees If the total number of employees is fewer than 25 GO TO STEP 2		If the result is less than \$50,000, AND	

- You pay at least half of the insurance premiums for your employees at the single (employee-only) coverage rate, then
- you may be able to claim the **Small Business Health Care Tax Credit.** Find out more information at **IRS.gov**
